Hello!

Hope you are having a great summer and that you enjoy this month's Skinny Molly newsletter!

Skinny Molly's Haywire Riot European Summer Tour was a huge success and as the band has finally returned home. There is no time to rest for the wicked, however, and the band is getting back to the stage and firing up the turbines at Moss Rose Studios for the first sparks of what will become the third CD of the Skinny Molly catalogue!

Touring Europe in the Summer allowed the band to hit a few festivals and marked the bands' return to Finland, after an eight year absence.

Skinny Molly's tour was such a success that they are set to return in October and November for what is shaping up to be an epic run through a few familiar venues and some places (and countries) they've never played before.

And even with the busy schedule, Mike has been writing some great songs for the third Skinny Molly album!

You can read about his trip to Georgia (the country) for his writing vacation here: [The Writing Adventure](#)

The CD is scheduled to be out in the early part of 2014 on Ruf Records, marking the second release on the label.

Skinny Molly has a whole slew of shows coming up in the next month for our fantastic fans in the South. This Saturday, they'll be at the Natchez Trace Harley Davidson in Tusculumbia, Alabama for a free show beginning at 7 p.m. There are also shows at the Shed in Maryville, Tennessee with the Monsters of Southern

Notes From The Road

6/11/13

"Haywire Riot is sure to recruit new fans on the strength of the music, but it doesn't hurt that all four Skinny Molly members are legends in their own right."

Band arrived at the airport in Nashville for a flight to JFK then to Heathrow airport. The flight from Nashville was delayed, which meant There was barely enough time to catch the plane to London. As a matter of fact, two didn't make it on the plane before they shut the door. The gate agent announced that we wouldn't be allowed on the plane. After a ruckus was kicked up about this, they went ahead and opened the door. we deemed it a good decision.

Summer Europe
Tour 2013

in Finland, I jetted off to Central Europe to settle tour business and make the necessary arrangements for the Fall leg of the Haywire Riot Tour, which begins in the Czech Republic in late October of this year. It was also decided that there will be a new Skinny Molly CD out in the Spring of 2014, if all goes as planned and agreed upon. When asked how many songs I had ready for the CD, I hazarded a guess and said "Four or five" After checking into it further, it turned out I was right. And four or five songs do not an album make. That means one thing. If we're gonna have the record ready by then, it's crunch time. Recording HAS to be finished before the aforementioned Fall leg of the tour starts in October.
