"Haywire Riot is sure to recruit new fans on the strength of the music, but it doesn't hurt that all four

Skinny Molly's Haywire Riot Tour has a few more US dates before the band heads across the pond to Europe. With stops in Indiana, Illinois and Georgia in May, there will be plenty of pictures through the bus window to view at www.skinnymollyrocks.com and if you can't make it to the show, check out the reviews on the website. Or write a review yourself for those unfortunate souls who cannot make it out.

While you are there, pick up Haywire Riot, which has recently received rave reviews from Hittin' the Note and AllMusic as well as others. Just listen to what Janet Goodman of Music News Nashville had to say:

"For the most part, Skinny Molly plays to their base with high octane guitar passes and Estes' testosterone and whiskey-soaked vocals. But when they throw a bone to listeners hungry for something out of their comfort zone, the "risk" pays off."

Before hitting the open road, Moss Rose Studios (aka Skinny Molly Headquarters atop Iron Mountain) is getting a new look; something to better suit the band's image and style. Yes, we are painting it black, but there is so much more going on! We will keep you posted

Skinny Molly members are legends in their own right." www.rufrecords.de

Mike's Monthly May 2013

The Daily Band Guy

Used to be, when I was a much younger man, playing in a band was fairly easy. You called up a bar, or went by there, and talked them into putting your band on for a gig, for very little money. You put up some homemade posters at places and hoped people came to the gig. In my 30 plus years in the music biz, SO much has changed. These days, it's a totally full-time, (meaning over 10 hour days) job, and in order to keep your costs down like any small business, I have to wear a bunch of different hats. At any given time, I might be the manager, the booking agent, the social media director,
